* **Size Considerations:**
If the art size shows **RED**, the image is too small and will appear grainy.
If the art size shows **BLUE**, the image is too large and will take a long time to load.
In either case, please consider re-loading the image, adjusting the size accordingly.

To increase the storage limit for your works and objects that you are permitted to display on your site,
click here to **Increase storage (KB) for art works and objects displayed**.
